# FLOORING THAT LASTS

## Enduring Elegance: Living Beautifully with Quick-Step in Kenya

At Decomagna, we believe a floor is more than just something you walk on — it's the stage where life's best moments unfold. That's why we are proud to bring Quick-Step laminate flooring to Kenya, a brand whose philosophy aligns closely with our own: **combining beauty, durability, and innovation to create spaces that inspire.**

Quick-Step laminate is not just about style; it's about living with confidence. Every plank tells a story of meticulous craftsmanship, engineered to withstand the demands of everyday Kenyan life — **from the coastal humidity of Mombasa to the highland cool of Nairobi. It's flooring designed for real homes, real families, and real adventures.**

# LAMINATE FLOORING

## Clean Lines, Clear Minds: The Minimalist Way

Step into a world of sophisticated style with our premium laminate flooring. Capturing the authentic warmth and detailed grain of natural hardwood, our collection provides an elegant and welcoming atmosphere for any space.

Engineered for durability, its multi-layered construction features a tough, protective surface that resists everyday scratches, scuffs, and stains, ensuring your floor maintains its beauty for years. The smooth, seamless finish is wonderfully easy to clean and offers a comfortable feel underfoot.

Thanks to a smart click-lock system, installation is fast and mess-free, making it the ideal choice for a stunning, practical, and modern home.

## stone plastic composite

Rigid core luxury vinyl flooring, also known as SPC flooring, is the most durable waterproof vinyl flooring option available. It has a similar construction to WPC but with an ultra-tough core made from powdered limestone, polyvinyl chloride, and stabilizers —giving it exceptional strength, stability, and resistance to wear.

Today's SPC flooring from Decomagna offers endless styles and finishes, mimicking natural wood and stone while maintaining the advantages of vinyl. It's dense, dimensionally stable, quiet, and strong, with an attached pad for extra comfort.

# SPC CONSISTS OF MULTIPLE LAYERS

1. UV COATING PROTECTS THE SPC FLOOR'S DECORATIVE LAYER FROM SUN-RELATED DISCOLORATION.
2. WEAR-RESISTING LAYER: LIKE THE BODYGUARD OF THE PLANK, IT PROTECTS YOUR FLOOR FROM WEAR AND TEAR.
3. PRINTED VINYL BASE: THE LAYER FEATURES ULTRA-REALISTIC PHOTO IMAGES THAT MAKE THE VINYL LOOK MUCH LIKE STONE AND WOOD..
4. SPC CORE: CONTAINS A SOLID, WATER-RESISTANT CORE THAT DOES NOT RIPPLE OR EXPAND NO MATTER HOW MUCH LIQUID ON THE FLOOR.

## Step one: Measure & Prepare

Measure each step's width, depth, and riser height.

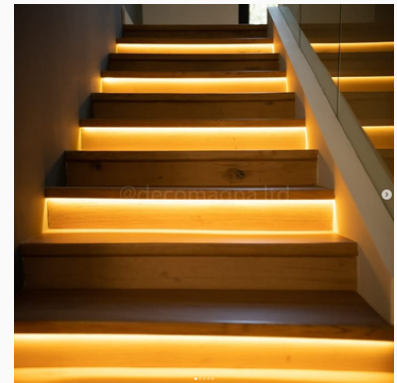

Remove any old coverings and ensure the surface is clean, level, and dry.

## Step two: Cut & Fit Laminate

Cut laminate stair covers or planks to size for each tread and riser.

Test-fit to ensure a perfect edge-to-edge fit.

## Step 3: Install & Secure

Apply adhesive, press laminate firmly, secure with trims, and repeat for each step for a seamless look.
